

The benchmark of industry standards.

The benchmark of training standards.

## MEDIA RELEASE

FOR IMMEDIATE RELEASE

### MTA Institute leading the way in Automotive Training

The MTA Institute (MTAI) (RTO No. 31529) is the largest private provider of automotive apprenticeships and training in Queensland and from 3<sup>rd</sup> July, 2017 will offer a new experience to train automotive apprentices in Queensland.

Introducing a new Learning Management System, MTAI is now proud to offer its training materials online. The new system has changed the need for paper textbooks and will allow all resources to be constantly and immediately updated electronically; ensuring students are working with up to date and relevant content.

“Our trainers will still deliver face to face training to the highest standard state wide” said Mr Paul Kulpa, MTAI General Manager. “What will change is the resources, which will now be in a digital format, meaning our students can access learning material online and have immediate access to assessment feedback.”

The launch which will continue MTAI as the leader in automotive training in Queensland, has been met by students’ and employers’ alike with overwhelming positivity.
