MIG Welding Fundamentals Course

Course Overview

MTA Queensland is conducting half-day introductory MIG Welding Courses.

In this course you will be taught the basic knowledge and skills to set up a MIG welder and apply a variety of welds that would apply to:

1. Vehicle restoration
2. Hobby metal work
3. Welding repairs

Course delivery will not only be hands-on, but learners will also gain knowledge on:

1. Types of welding equipment
2. Uses and functions
3. Proper equipment maintenance and storage

Learner Requirements

MTA Queensland is serious about safety. Learners must be prepared to use welding tools and equipment. Therefore, correct personal protective equipment must be worn (ie. long sleeved shirts/trousers and steel-capped work boots). Other protection such as welding masks, gloves and eye and ear protection will be provided.

Time: 8:30am to 12:30pm (morning tea provided)

Location: MTA Institute, Eight Mile Plains Qld

Cost: \$385 (incl GST)
Save an additional 20% as an MTAQ member

Class size is limited to six learners. A Statement of Participation will be issued on successful completion of the course.

Enrol

Should you wish to enrol, or require further information, please contact one of our friendly staff on (07) 3722 3000.
